

Certificate of RoHS Compliance

Statement of Compliance

Hi-Rel Group LLC certifies that to the best of our knowledge and belief, all of our products are designed and manufactured to be in full compliance of the RoHS Directive. (European Union Directive on the Restriction of Hazardous Substance Directive 2002/95/EC).

Any purchased components used in our assemblies are also certified by the suppliers and/or manufacturers to be in compliance and to the best of our knowledge restricted substances are not used in their manufacture. This is based solely on the information provided by the supplier and/or manufacturer of these components.

Request for full component RoHS information will be provided by part number when a written request for such is received and the requestor signs a non-disclosure agreement as this information is considered intellectual property.
